CROWN PRINCE SHIFTS TO CHAMPAGNE FRONT AFTER AISNE DEFEAT

Big French Guns Are Active in Verdun Sector.

Artillery Busy Near Lemburg.

By Associated Press Dispatch.

Having failed disastrously in their recent effort to drive the French from their commanding positions on the Aisne front, the Germans are now turning their attention to the Champagne, apparently with a similar purpose.

Attacks were made by the Crown Prince's troops last night on the French lines west of Mont Carnillet and southeast of Tahure.

The drives evidently were not of such intensity as was that earlier in the week along the Aisne, and the Paris official report says they were easily repulsed.

The artillery fighting is proceeding vigorously in these and other sectors of the Champagne.

In the Verdun region, also, the French guns are active.

London is reticent as to what is going on along the British front in France, where there have been indications that some important movement was in prospect.

The only activity reported was a night raid on British posts near Bullecourt, which was repulsed.

On the Galician front, the Russians have not renewed their assaults in force. Intense artillery activity is reported east of Lemberg, however.

ARGENTINE DEMANDS APOLOGY

(Associated Press Cable)

London, July 6.—According to a dispatch from Buenos Ayres to the Times, the Argentine Government has demanded an immediate apology and indemnity from Germany for the torpedoing of the Argentine vessels Orizaba and Toro and a guarantee that the Argentine flag will be respected in the future.

A dispatch from Buenos Ayres last Thursday said that the Argentine Government was determined to enter a protest against Germany for the sinking of these vessels, and that a note embodying the demands was sent to Germany the day before.

FLAMES DESTROY

(Associated Press Cable)

Bordeaux, France, July 6.—A fire broke out today among some moving picture films in the forward part of a steamship company dock.

The flames badly damaged the upper structure and spread to the merchandise on the wharf.

The conflagration was extinguished after considerable loss. An official inquiry has been opened into the cause of the fire.

STILL HUNT NEWSPRINT PAPER COST

After Months of Probing No Tangible Result Follows.

By Associated Press Dispatch.

Toronto, Ontario, July 6.—The publication of the official report of the proceedings of the Royal Commission of Newprint paper has brought to light further instances of the inflation of cost figures by the paper manufacturers in their returns to Commissioner Pringle.

The statement of the Donnanona Paper Company, Ltd., showed a sudden increase in the cost of newsprint paper from \$29.21 a ton in 1915 to \$45.39 a ton in 1916 and \$50.20 a ton during the first four months of 1917.

George M. McKee, general manager of the company, admitted that the returns for 1916 and the first four months of 1917 were based on arbitrary figures of \$50 a ton for sulphite and \$25 a ton for ground wood, instead of the actual cost of product.

GUARDSMEN CALLED OUT BY RIOTING

Striking Employees of Bloomington Railway Cause Trouble.

By Associated Press Dispatch.

Bloomington, Ill., July 6.—Nine companies of Illinois National Guardsmen comprising about 1,400 men, were ordered to this city early today to restore order, following a night of rioting caused by the strike of employees of the Bloomington & Normal Railway and Light Company.

The strike has been in progress for several weeks, and had been conducted in an orderly manner until last night, when "Mother" Jones, labor advocate, delivered a speech to a crowd of strikers and sympathizers. Immediately following the meeting, a crowd began attacking street cars, and the crews, several motormen and conductors being badly beaten.

One man in the crowd of rioters was shot through the neck and was taken to a hospital.

After Mayor Jones and Sheriff Flesher met the crowd and promised to arrange a conference with officials of the railway company, the crowd dispersed.

At 8 o'clock this morning the city was quiet, although there were persistent rumors that the mob was again forming.

DUBLIN GREET'S SINN FEINERS RELEASED BY THE BRITISH AUTHORITIES

RELEASED SINN FEINERS ON WAY THROUGH DUBLIN

When the Irishmen convicted of having taken part in the Easter rising of 1916 were released and reached Dublin, the Irish capital went wild with joy. The returned Sinn Feiners were met with an enthusiastic reception as they passed through the city.

In the picture may be seen two of them seated on a carriage seat with the driver.

Andrew Bonar Law said in the house of commons that the government felt that the release of these "The government has felt, after giving careful consideration to the

men would aid in the success of the approaching Irish convention, which the government hoped would effect a reconciliation among Irish political parties. In making the announcement Mr. Bonar Law said:

"The government has given long and anxious consideration to the position of Irish political prisoners and has arrived at the decision it is now my duty to announce.

approaching session of the convention in which Irishmen themselves will meet to settle the difficult problem of the future administration of

their country, that this great experiment will mark a new era in the relations between Ireland, the United Kingdom and the empire. It is, therefore desirable beyond measure that the convention should meet in an atmosphere of harmony and good will in which all parties can unreservedly join. Nothing could be more regrettable than that the work of the convention should be prejudiced at the outset by embittered associations which might even hinder the settlement to which all look forward with hope."

WILL TALK AEROPLANE BUILDING

Major Bolling on Special Mission Reaches Paris.

(Associated Press Cable.)

Paris, Thursday, July 5.—Major Raynal Bolling arrived in Paris today on a special mission for the American War Department.

Major Bolling, a member of the Aircraft Production Board of the Council of National Defense was sent abroad to study aircraft production and use as one of the members of an aircraft commission. Before going to France he spent some time in England.

SPAIN FAR FROM QUIET

Senators Promise to Take Action on Their Own Account.

(Associated Press Cable.)

Madrid, Spain, July 6.—Sixty Catalan senators and deputies met in Barcelona yesterday and asked the Government to give administrative autonomy in provinces.

They decided, also, that if the Government did not immediately summon parliament, they would themselves call upon members of parliament

to meet in Barcelona, July 19. Ninety-nine Liberal senators and deputies met in Madrid and approved the international policy of Count Romanones, former Premier.

PROBING TROUBLES AT EAST ST. LOUIS

By Associated Press Dispatch.

East St. Louis, Ill., July 6.—The resignation of Chief of Police Payne of East St. Louis and of Cornelius Hickey, Night Chief of Police, will be demanded by Mayor Mollman by the Citizens' Committee of the Chamber of Commerce, it was announced by the committee today.

The committee will demand the resignation of the three members of the police board, or a promise of radical reforms.

This determination is a direct result of the race riot here Monday, in which thirty-seven persons lost their lives.

M. V. Joyce, vice president of the Chamber of Commerce, in a statement today declared that the rioting was the direct result of the long reign of lawlessness in East St. Louis.

Mr. Joyce declared all sorts of vicious rumors were allowed to operate. "Everybody knew these places were running; everybody knew where they were and how they could be closed—everybody except Mayor Mollman."

CHANG HSUN MEN RUIN RAILROADS

(Associated Press Cable.)

London, July 6.—Reuters' Shanghai correspondent, in a message filed on Thursday, reports that General Chang Hsun's troops on that day tore up the Peking-Tien Tsin railway at Lang Fang.

Foreign troops are being sent to restore communications. The provinces generally are calm. Chang Hsun stands virtually alone, the dispatch says.

GERMANY IN LABOR TROUBLES

(Associated Press Cable.)

Amsterdam, July 6.—Another outbreak of labor troubles in Germany is reported by the Handelsblad, which says a collision occurred at Hamburg last night between strikers and workers from the government munitions plant.

Soldiers fired repeatedly on the demonstrators, one man being killed and eleven wounded.

MARSHALL SUSTAINED

By Associated Press Dispatch.

Washington, July 6.—Following a parliamentary tangle of precedence of various prohibition proposals, the Senate today voted 55 to 29 to sustain a ruling by Vice President Marshall that before the Gore and Robinson amendments should be voted on, the Senate should first dispense of a "bone dry" amendment by Senator Curtis of Kansas, virtually identical with the original House provision.

Senators active for prohibition sought and received from Vice President Marshall that there would be opportunity for a vote upon the House bone dry provision.

On a point of order raised by Senator Robinson, the Chair ruled that the Gore amendment, which would place upon the President responsibility for determining whether the manufacture of beer and wine should be restricted, came up first for consideration, and under the terms of the agreement accepted yesterday, debate on the amendment was limited to five minutes for each senator.

FIGHTING IS BEGUN IN CHINA

Troops of Monarchy and Republic Clash.

(Associated Press Cable.)

Peking, China, July 6.—Fighting began yesterday at Lang Fang, about 35 miles southeast of Peking, between the troops of General Chang Hsun, supporter of the Monarchy, and the forces of the Republicans.

The situation in the capital is becoming serious. Trains are filled with fleeing Chinese going to Tien Tsin. The hotels are full of foreigners.

Small American and Japanese forces are endeavoring to come from Tien Tsin, but their arrival may be delayed by the fighting at Lang Fang, where five thousand of the troops of General Chang Hsun are opposing an advance of 20,000 Republicans.

WILL OPEN CONVENTION OF IRISH

(Associated Press Cable.)

London, July 6.—Premier Lloyd George announced in the House of Commons this morning that the Irish Convention would meet July 25 to deal with preliminary business, including the appointment of a chairman.

Mr. Lloyd George said the Government had suggested that Henry E. Duke, Chief Secretary for Ireland, act as provisional or temporary chairman.

BILL IS UP

By Associated Press Dispatch.

Washington, July 6.—Hearings will begin Monday on the Administration bill for an aviation service contemplating expenditure of more than \$639,000,000 for purchase or manufacture of 22,625 airplanes, and many more engines, and the organization of a large aviation personnel with ammunition, equipment and supplies as introduced today by Chairman Dent of the House Military Committee.

The bill would vest broad powers in the President to organize the new service, "in view of the existing emergency, which demands the raising of troops in addition to those now available."

Chairman Dent announced he hoped to report the bill to the House from the committee by the latter part of next week.

OHIO GUARDS

By Associated Press Dispatch.

Columbus, O., July 6.—The Ohio National Guard will go into Federal service July 15 with units gathering at armories to await instructions for mobilization, according to a message to fellow officers from Adjutant General George H. Wood, who is in Washington on matters relating to the Ohio Guard.

He says the original order of the War Department has not been changed, as many reports intimated.

EVERYTHING ARMY USES IS O.K.'D BY MAJOR GEN'L SHARPE

QUARTERMASTER GENERAL HENRY G. SHARPE

On the shoulders of Major General Henry G. Sharpe, quartermaster general of the United States army, rests the immense responsibility of purchasing all the varied supplies needed for the armies of the United States. It would take a volume to tell of the multifarious activities of General Sharpe and his assistants. Everything for the army's equipment and rationing is in General Sharpe's care. He succeeded General Aleshire in September 1916, and it was said then "he is the recognized substance expert of the army, on the problem of feeding an army in the field. Nine years ago he made a tour of Europe to study the supply systems of the British, French and German armies."

COMPULSORY SERVICE FOR CANADIANS

Wild Scenes When Commons Vote the Service Bill Through Second Reading.

By Associated Press Dispatch.

Ottawa, Ontario, July 6.—The Canadian House of Commons early today adopted the resolution offered by Premier Borden passing to second reading the bill for compulsory military service.

Exciting scenes marked the taking of the vote, which stood 118 for conscription and 55 against.

An amendment aimed to supply more adequate provision for dependents of men at the front was defeated, 115 to 55.

The vote gave the Government about 29 more votes than it usually polls on important questions.

This was the result of a considerable number of English speaking Liberals breaking away from the leadership of Sir Wilfrid Laurier and joining with Premier Borden in support of conscription.

The attendance of members of the House was the largest that had been in Parliament for many years. A majority of the spectators were soldiers returned from Europe and women. A resolution presented by the French Nationalists from the province of Quebec that the conscription bill should be killed by the adoption of a six months' postponement was defeated by the large majority of 166.

SUNNYSIDE BIBLE CLASS

The Sunnyside Bible Class will meet tonight at the home of Mrs. John Ferguson on South Main street, at 7:30 o'clock.

SECRETARY.

I. O. O. F.

All Odd Fellows are requested to meet at their hall, Sunday morning at 9:00 o'clock to attend the funeral of Brother Frank Evans.

O. K. PROBASCO, N. G.

SUNNYSIDE

Sunnyside was justly proud of being able to claim Miss Edith Gardner as one of her own daughters on Thursday afternoon when Miss Gardner gave her splendid talk to the large number of women who had assembled at the school building to organize an auxiliary unit to the local branch of the National League for Women's Service.

Miss Gardner's concise explanation of the origin, aims and work of the League should be heard by every woman in Fayette County.

Ninety percent of the food supply of the nation passes through the hands of the housewives. By conserving this supply we help fight the battles of our country in our own kitchens. The different values of common foods should be known in every home. Housewives can co-operate by the exchange of ideas of a thrift, and recipes for the preservation of food, the canning and drying of vegetables and fruits.

The need of surgical dressings in foreign hospitals is urgent. The condition in some cases is desperate. Ten million cases of supplies have been sent to foreign countries. Many times that number are necessary. In case of the sudden hoped for ending of war the supplies on hand can be used in our own hospitals or placed in local storage. In case of calamity such as the Mattoon cyclone or the Dayton flood they would be beyond price.

While listening with almost breathless interest to Miss Gardner's lecture, the women were working with busy fingers on the work of the afternoon, the clipping of muslin for fracture pillows.

Miss Gardner stated that one of the principal aims of the League is not only to care for wounded soldiers but also for their families and those left behind them.

With characteristic local patriotism, one of the first resolutions of the Sunnyside League was to take care of the needy children of their own district.

As a practical beginning it was decided to bring all available discarded stockings to the next meeting and cut them down to children's sizes.

Sunnyside people are like one big congenial family. They are noted for their bigheartedness and for the energy with which they all work together for any common cause.

Many of their charities are not

public by any means, and often the right hand does not know what the left hand does.

When it was stated at the meeting that Mrs. Jesse Blackmore keeps a board off of her back fence through which hungry school children are quietly sent for a warm breakfast, a number of ladies immediately came forward with offers of not only breakfasts, but dinners, for needy little ones. As a rule, there is not much poverty in the Sunnyside district but it will be a great satisfaction to the community to know that there need be no actual want among the children during the coming winter.

There has been no call for money in the Sunnyside organization but already there is a nice little sum in the treasury—the gift of friends.

The registration fee is twenty-five cents. Any woman who is not willing or able to register and pay the fee may do her bit in work only. All money taken in goes for the purchase of new material.

For the meeting on next Thursday there will be a bolt of muslin for making bandages and an abundance of outing flannel.

One of the happy incidents of the afternoon was the bringing to the meeting by Martha Stone, the charming little 5 year old daughter of Mr. and Mrs. Jack Stone enough muslin clippings to make a fracture pillow—the work of her own baby fingers. Little Miss Stone was called to the front and congratulated by Miss Gardner as a model of youthful patriotism.

Miss Gardner took the occasion to impress upon the mothers present the splendid opportunity of the present crisis to teach practical patriotism to their children—the future citizen whom we hope shall know no war.

Another touching incident was when in response to the request that all who had aided in any way during the Civil War, should stand, nine ladies arose amid great hand clapping, and told of their experiences or recollections either as children or young girls.

Mrs. Ione Bryant gave an interesting account of how they sewed and made hospital supplies just as we are now doing—only with fewer conveniences.

Mrs. Harry Rodgers, whose father was a Methodist minister stationed near the Kentucky border, told of how as a little child, she learned marksmanship and how women and children were prepared to handle a gun if necessary.

Mrs. M. F. Stuckey told of the loving care with which her mother prepared the outfit for her eighteen year old son, I. N. Rowe.

Mrs. Elias McCoy gave her youthful recollections of Morgan's raid.

The nine women present who aided in the War of '61 were Mrs. J. E. Todhunter, Mrs. Harry Rodgers, Mrs. Minerva Orr, Mrs. Angeline Mills, Mrs. M. F. Stuckey, Mrs. M. J. Clifton, Mrs. Manuell Purnell, Mrs. Ione Bryant, and Mrs. E. A. McCoy.

The officers elected for the Sunnyside branch of the National League for Women are: President, Mrs. Harry Sprenger; Secretary-Treasurer, Mrs. Glen Rodgers.

Miss Agnes Kerrigan is chairman of the Department of surgical dressings, Mrs. James Mills, chairman of the Department of Knitting.

The purchasing committee are: Mrs. Jesse Blackmore, chairman, Mrs. Martin Hughey, Mrs. Jos. Gillespie, Mrs. J. Colaw.

Samples of surgical dressings to be made were on exhibition.

The Board of Education has the thanks of the organization for the use of the school building.

The large breezy corridors and well ventilated rooms furnished an ideal working place.

By next Thursday a number of sewing machines and cutting tables will be installed and the good work will be in full swing.

China, "The Backslider."

China is the "backslider" among the progressive nations of the world.

The overthrow of the emperor some months ago and the founding of a republic appeared as somewhat of a farce to the world and not many people credited the new regime, at the time it came into control, with ability to sustain itself and carry forward the program of governmental reform which the progressive statesmen of the flowery kingdom had marked out.

Events of the last week have proven those doubts to have been well founded. The republic has been overthrown and the Manchu dynasty returned to power by the followers of Confucius. China, the birthplace of ancient civilization is awakening—the upheavals and revolutions and disorders are proof that the giant of the Orient is stretching after the long nap, during which so much has happened in the great world. China will find when its hundreds of millions of yellow people get fully awake that this old world has gone on quite a distance since she went to sleep and that there is a long road stretching on ahead which must be traveled.

That road too has many pitfalls and there will be many a stumble before the great giant is abreast of the nations of the world.

There will be revolutions and rebellions, in all probability before China is even started on the road forward.

China is a backslider but we can forgive—China is trying to get awake and get started right.

Can't Know Defeat

There's a flag in Europe now that will not know defeat.

That's what Archbishop Ireland told a great crowd assembled at a monster fourth of July celebration crowd in St. Paul Minnesota on Wednesday.

The words of the eloquent Archbishop moved the members of the Belgian War Commission to tears as he recounted the sufferings of Belgium and France and the deep appreciation of the American people. "If need be the one hundred million people of the United States are willing to lay down their lives for the cause of humanity and the restoration of the rights of a devastated people," the prelate said.

Archbishop Ireland was not boasting when he said that the American armies in Europe would not know defeat.

The assertion was not made because of the great military power of the United States armies—there was no mailed fist idea underlying that assertion.

Our armies will not know defeat because they are battling for the right—for humanity—because every soldier who follows the flag knows what he is fighting for, because there is no selfish gain sought because we are struggling that men may remain free and not be enslaved by tyrants.

Old Glory may be dipped in blood, scores of thousands may die as the monster strikes but those armies can't know defeat.

The cause which the starry banner represents cannot be crushed by the blind fury of tyranny.

Publicity Can Wait

Two former heads of the State Agricultural Department, A. P. Sandles and J. W. Flemming are busy firing broadsides at one of the prize examiners of the bureau of accounting of the Auditor of State's office.

The report of examiner Bliss called attention directly and by inference to certain alleged shortcomings of the former secretaries with reference particularly to the management of the state fair and both of the men criticized rose up and spoke out in meeting. It is even hinted now that damage suits may be filed against Mr. Bliss and his chief, Auditor Donahy, for defamation of character or on some such monstrous charge.

From the published reports the public is not given all the facts so it is, perhaps, not proper to discuss the particular case or to criticize either one of the contending parties.

Speaking generally, however, it may be set down as a fact that there is entirely too much time and energy devoted by the state auditor's office toward blackening the character of men in the public service.

Mr. Donahy and his lieutenants seem to be operating under the mistaken belief that they can climb to fame and glory and the remunerative public places by charging others with wrong doing either directly or by inference.

It can't be done. If the members of the bureau of accounting only knew it the people of Ohio would think more of them if they would halt their publicity campaign until established fact justifies them in pillorying public servants. It does not add to the standing of either the examiner or the department of accounting to launch publicity campaigns on such flimsy excuses as suspicion or hope that they may be able to hurt some one.

Poetry For Today

THE SEA OF PEACE

I stand above a white-rimmed sea;
 Its deeps are mine, its mirrored height;

Mine its low plant of mystery,
 All mine its glee song of delight.

Mine its strong soul; its body mine;
 I have me in its kind embrace;
 In dreams upon its buoyant brine
 It gives me back a cherished face.

Mayhap it helps me understand
 The language of infinity,
 The secret of the shifting sand,
 The testimony of the sea.

I am above all circumstance,
 I am beyond all power to hurt;
 No more I shrink from sorrow's lance
 So with all strength I am begirt.

I've tasted of the bitter sup;
 Earth's bulwarks all are proven frail,
 Yet sweetened now is life's low cup.
 All hallowed; 'tis my Holy Grail.

Above its wrecks of ships and men
 The placid ocean shows no scars;
 Above my deeps where storms have been
 My tranquil soul reflects the stars.
 —Ruth McEnery Stuart.

KINDERGARTEN

The Kindergarten, recently opened at the Y. M. C. A. by Miss Carrie Willis and assistants, Misses Jane Paul and Bessie Casey, is becoming quite popular with the children. Fifteen are enrolled at the present time and more are being added with each meeting.

Miss Willis and her assistants have all had considerable experience in kindergarten and playground work, and the children are receiving valuable training, as well as having a good time together.

The room is equipped with doll's furniture, low cutting tables, blocks, and picture books.

The aim of the Kindergarten is to foster greater social development. The specific subjects for the six weeks are as follows: 1st week, "Our Hopes"; 2nd week, "Playmates in our Homes"; 3rd week, "Our Yards"; 4th week, "Playmates in our Yards"; 5th week, "Playhouses"; 6th week, "Playmates in our Playhouses."

A model program for any morning is as follows:

Rhythm—play orchestra 9:30
 Morning Circle 9:50
 Songs, Mother Goose Book, Finger plays.
 Dance 9:55
 Lunch 10:10
 1st Table Period 10:30
 Game Circle 10:50

The following little boys and girls are enrolled: Mary Catherine Junk, Paul Jones, Mary Ann Story, Junior Beckel, Jane Young, Waldine Teach, Tom Gardner, Murray, Floris Lipsett, Louis Baer, Betty Ballard, Margery Tharp, Jane Ramsey, Martha Coffman, Janet Daugherty, Virginia Thompson.

ALL WOMEN

Miss Marie Lamm and Mrs. Fannie Schweitzer, who are at the head of the Workshop Committee of the Red Cross, are urging every woman of the county who can sew and is willing to help a good cause, to come to the workroom any afternoon, and lend their assistance in the good work that is being done there.

The local committee are outfitting box No. 2 which contains the following articles: 54 sheets, 36 draw sheets, 36 pillow cases, 27 pairs of pajamas, 36 hospital bed shirts, 18 pairs of bed socks, 27 wash cloths, 9 hot water bag covers, 9 ice bag covers, 54 handkerchiefs, 9 convalescent gowns.

The material is all on hand for these articles, and the great need now is for labor. If women are unable to work at the shop, the material may be taken home and the sewing done there.

Women coming to the shop to work are asked to bring their own thimble, scissors and needle No. 8. Also bring soft linen and old muslin for handkerchiefs.

The work on the comfort bags is coming along nicely, and it is the hope of the committee to have them all completed by the time the members of Company M leave for service.

A White Rotary motor sewing machine has been donated to the use of the committee by George W. Bryant.

Mr. Fuller Hess is a business visitor in Columbus today.

NOW FOR THE DRAWING.

THIRD RUN OF SERIES MADE TO SMALL FIRE

The local fire department made the third run of the series Thursday afternoon at 4:30 o'clock, when called to extinguish a small blaze at the Anderson Hyer residence on S. Fayette street.

The fire had started around the baseboard on the outside of the house.

and was probably caused by child ren playing with matches.

The large auto truck made a good run, but narrowly escaped a collision with a Ford on Court street in front of the Tuttle book store. The driver of the Ford, instead of turning out for the heavy truck which held the right of way, sped up in an effort to beat the truck through the narrow stretch, necessitated by the repairing of the paving. The auto truck had to be driven through some fresh concrete, that had been poured into the hole in the street in order to avert a collision.

NOTICE TO BIDDERS

Sealed proposals will be received by the Board of Education of Union Township Rural School District, Fayette County, Ohio, at the office of the Clerk of said board in Washington C. H., Ohio, until 12 o'clock noon, standard time, on Monday, August 6th, 1917, for furnishing all material and performing all labor necessary for the erection and completion of three centralized grade school buildings, together with outbuildings for toilets, to be located as follows:—grade building No. 1, at the junction of the Creek Road and the Greenfield pike, on the R. C. Hunt land; grade building No. 2, at Chaffin's Corner on the Jamestown pike; grade building No. 3, at the junction of Prairie Pike and the New Holland and Bloomingburg Road on the Harry Zimmerman land, and each of said sites being in said Union Township Rural School District, according to the plans and specifications prepared by J. Howard Hicks, Architect, North Main Street, Washington C. H., Ohio.

Plans and specifications are on file in the office of the Clerk of said board and in the office of said Architect.

Bids will be received for the general construction of said buildings including heating and ventilating; also, bids will be received for the general construction of the buildings, and the heating and ventilating, separately.

Bidders must specify the building and location bid for, and may bid for one or more, but the bids must be separate from each.

All bids must be made out in accordance with the laws of the State of Ohio, governing such work and upon blank forms which will be furnished upon application to either the Clerk of said board or to said Architect.

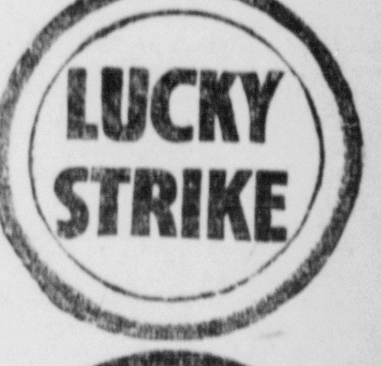

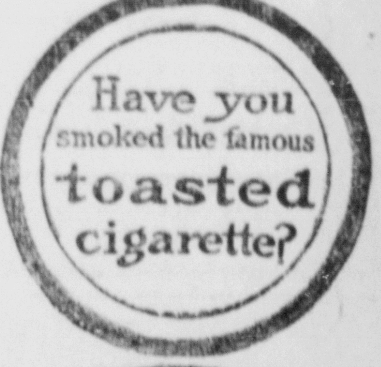

Each bid must be accompanied by satisfactory surety bond or a certified check on a bank doing business in the state of Ohio, to the amount of one hundred and fifty (\$150.00) dollars, conditioned that if the bid be accepted the successful bidder will immediately enter into a contract and give bond to the amount of fifty (\$50 per cent) per cent of the contract price, which surety shall be satisfactory to said board of education.

Said board of education reserves the right to reject and or all bids.

The successful bidder must furnish bond in accordance with the laws of the State of Ohio, protecting said board of education in the making of the monthly payments on the work; it being understood that this bond shall insure the faithful performance of the contract and full payment by said contractor for all material and labor used in the buildings.

By order of the board of education of the Union Township Rural School District, Fayette County, Ohio.

IN SOCIAL CIRCLES

The L. A. S. of the Buena Vista M. E. Church met Thursday afternoon at the home of Mrs. Sarepta Trump, forty members and visitors being present.

After the business session, Miss Helen Trump gave a reading "I Love the Ladies Aid" and also responded to a hearty encore.

Many beautiful selections on the Edison Victrola added to the afternoon's entertainment after which delicious refreshments were served by the hostess, assisted by Mrs. Sadie Trump and the Misses Josephine and Jeanetta Roush.

The next meeting will be at the home of Mrs. E. M. Haines.

Complimenting Mrs. Luella Robinson, of Columbus, Mrs. Val McCoy entertained a dozen relatives and close friends at an elaborate noon dinner Thursday.

The day was one of distinctive pleasure to which the delightful country home with its lovely flower gardens and always spontaneous hospitality, added greatly.

The central adornment of the table was a magnificent basket of peonies in wonderful shades of rose color, perfect in blend.

The guests with Mrs. Herbert were Mesdames, W. A. Harlow, Maude Coffman, George A. Robinson and son, Fannie P. Ballard, John Logan, D. S. Craig, Joseph H. Harper, C. P. Ballard and children, Miss Min-

nie Williams, of Columbus; Miss Mary Robinson.

The Staunton W. F. M. Society held a meeting of unusual enjoyment and interest Thursday afternoon at the pretty country home of Mrs. J. Austin Tway.

Miss Mary Stafford conducted devotionals, followed by the business of the month.

Miss Annetta Stafford introduced the program with a brilliant piano solo.

Mrs. Netta Bay gave a reading, "Philippino Girls in Action." Mrs. Juanita Wikle delighted the guests with a musical reading, "My Dear Old Ohio Home" and thirteen women participated in "A Short Story of Long Ago."

Miss Stafford and Mrs. Myrtle Allen closed the program with a beautiful piano duet.

Mrs. Tway, assisted by her daughters, Mrs. Dane Parrett, og Deluort, Colo., and Miss Elsie Tway, served a delicious summer collation and the guests lingered in social chat.

A quantity of summer flowers decked the rooms. There were thirty-five present, the guests outnumbering the members.

Miss Ada Woodward pleasantly entertained fourteen couples, at her home after the concert by the Music Makers, in compliment to the members of the quartet, Messrs. Ferguson, Garry, Fintzenmeyer and Ferguson.

The party served as a reunion of

several of the college folk who have only recently returned home for the summer vacation. Refreshments were served.

Following were the guests from the younger set: Misses Ruth Reid, Gladys Fenner, Dorothea McDowell, Dorothy Saxton, Kathleen Davis, Dorothy Fullerton, Gretchen Willis, Messrs. Robert Jefferson, Selsor Fenner, Charles Clark and Max Dice.

A party of young people enjoying a moonlight picnic to Monroe Falls Thursday night included Misses Allen Hess, Doris Willis, Eleanor Jones, Mary Casey, Rosalee Slagle, John Crayton Griffin, Arthur Lewis, Cyril Moore; William Henry Edwards, Willis Willis.

Mrs. Fuller Hess and Mrs. C. H. Griffin chaperoned.

About fifty people responded to invitations issued for the recital held at Miss Golda Ryan's studio Thursday afternoon.

Miss Mazie Kessler added much to the program with a violin solo. Miss Ruth Parrett charmed the audience with two brilliant vocal solos.

Those taking part were: Ruth Campbell, Naomi Campbell, Marea Fagnis, Lucile Reynolds, Dan Warner, Florence Hines, Mary Shoop, Inez Allen, Lydia Stolzenburg, Helen Carr, Mildred Hyer and Opal Walker.

Washington friends will be interested to learn of the marriage of Miss Irene Paul to Mr. Erett B. Morse, which takes place at the home of the bride's mother, Mrs. J. B. Gordon, at Frankfort, Saturday morning at eight o'clock. Rev. Stone, of the Frankfort M. E. church will perform the ceremony, which will be witnessed by only the immediate families.

Miss Paul, who is a charming girl, has visited frequently at the home of her aunt, Mrs. W. H. Hetteshimer, in this city, and has a host of friends here who will extend best wishes.

Mr. Morse is engaged in business in Chillicothe, being district manager of the Delco Lighting System, and he and his bride will probably reside in Chillicothe.

After the wedding Mr. and Mrs. Morse will leave for an extensive lake trip.

Mrs. W. H. Hetteshimer leaves tonight for Frankfort to attend the wedding. Miss Paul's brothers, Mr. Fay Paul of Omaha, Neb., and Mr. Harold P. Paul and wife of Houston, Texas, will also arrive in Frankfort this evening.

INSPECT HORSES

Capt. Hayden Channing, Capt. J. F. Taulbee, Capt. J. S. Nicholas of the U. S. Army and Hugh Kefauver and Thomas A. Groome of Front Royal were in this city again today, inspecting horses at the Sales Barn.

Harper Bros. who have been assembling horses for the government in Fayette County have over two hundred animals for inspection today.

Capt. Nicholas Biddle is expected to arrive in a few days to assist in the work.

GREAT PLANS FOR RED CROSS

The Financial Committee of the Red Cross has a great big surprise in store for the people of Washington. At a meeting held Thursday afternoon, plans were made for holding a "Jamboree Comique," on the city streets, while the next full moon is shedding light upon the city.

A jamboree comique is a big celebration in which every resident of the city can take part—very much like a Mardi Gras.

There will be all sorts of amusements for all sorts of people. One section of the street will be roped off for dancing, and the Washington band will probably furnish music. Mayor Oster has given permission to the committee to use one of the wide concrete thoroughfares of the city for the big community party.

Special committees on arrangements are being appointed and details will all be announced later. The staging of the affair will be an enormous undertaking for the committee, but they are all taking hold of the work with the determination to make it the biggest possible celebration; such a celebration as has never been held in this part of the country; on a scale of elaborateness that will draw crowds from far and near.

Mrs. C. Howard Griffiths, the energetic chairman of the financial committee is engineering the Jamboree Comique, and is actively assisted by prominent men and women, who are planning to sacrifice all other interests temporarily to the success of this big scheme for the benefit of an organization that appeals to every patriotic spirit—the Red Cross.

QUANN.

The remains of Mrs. Sarah L. Quann, who died at her home in Newark Thursday morning, will arrive on the 3:34 P. M. train Saturday afternoon and be taken directly to the Washington cemetery for burial services.

Mrs. Quann leaves two children living in this city, Mrs. Hetty Powell and James Quann.

MUSIC MAKERS PLEASE MANY WITH CONCERT

The Muskingum Music Makers quartet gave a very pleasing concert in the Presbyterian church Thursday night at 8:00 o'clock before a large and appreciative audience.

Hon. Charles A. Reid, in a few introductory remarks, told something of the purpose of the organization and about the college which they represent. The boys came to this city upon the recommendation of Dr. Montgomery, president of Muskingum, who has filled the pulpit of the local Presbyterian church upon several occasions.

The chorus work was unusually good in the opening number, "The Jolly Blacksmith's Lay." Their technique was splendid, and the tenors held up well through the difficult number. They responded to an encore with a humorous selection, after the opening number as they did after each quartet number following.

A negro folk song, the next quartet number, was well chosen for quartet work, and the shading was well executed. Mr. Pintzenmeyer, who has a well trained tenor voice, sang "Thought" by Adam. The boys have all taken special training in the Conservatory in connection with their college work at Muskingum. This was clearly shown by the good tones and splendid control of the organization.

The instrumental numbers, played by Messrs. Ferguson, Garry and Pintzenmeyer, who formed the Gibson trio, were restful and enjoyable after the heavy numbers of the quartet. Among their numbers, they gave a very pretty interpretation of Humoresque on the strings.

Mr. Ferguson, reader, gave a musical recitation, "An Old Sweetheart of Mine," with Mr. Pintzenmeyer at the piano. He responded to an encore with a delightful poem by Paul Dunbar. His work in the dialect of a small boy was very clever.

After Mr. Garry, basso, sang "Asleep in the Deep," reaching the low tones with professional ease.

The first part ended with the stirring patriotic number, "The Old Flag Never Touched the Ground," by the quartet.

Mr. Garry gave a short talk upon the conditions facing American colleges on account of the war, urging that resolutions adopted by the great educators in convention early this spring, be adhered to by the people, and that the boys be kept in college, in order that the country may have trained leaders, at the close of the war. In his remarks, Mr. Garry not only served his own college, but he served the American college in general.

The program ended with a group of college songs, and the "Star Spangled Banner." The numbers on the program were well chosen. A free will offering, to help pay the expense of the boys was taken.

TEMPORARY CHURCH

The work of remodeling the Smith property on the corner of Fayette and East streets, that has been recently purchased by the St. Andrews Episcopal church was begun Friday morning.

The partitions are to be removed, and the structure is to be used temporarily as a church. Services will be held there on Sunday, if at all possible.

CRAIG BROTHERS

TOMORROW IS THE BIG DAY

Set your alarm clock tonight and be up in time tomorrow morning to see the arrival of the Wonder City. All most before the cock crows the trains bearing the John Robinson Circus will roll in on the side tracks of the Pennsylvania railroad arriving from Lancaster where it is exhibiting to-day.

Did you ever see a great circus unload or watch the vast tented city spring into being? If you have, the tremendous size of the John Robinson Circus will surprise you. Here are some of the things that will greet your eyes:

One of the largest portable kitchens you ever saw with a range weighing more than several touring cars and attended by so many chefs that it will accommodate 1,999 sizzling eggs and as many chops. A bake-shop sufficient in capacity to supply a village; great copper caldrons, boiling barrels of cereals, and tea and coffee; immense steam tables groaning with the weight of innumerable griddle cakes. Two vast canvas hotels lined with enough tables to serve the army of employees at a single sitting.

In another part of this Wonder City you will see groups of ten and twelve men all armed with heavy sledges driving home a single stake with the regularity of clock work. You will see lengthy stables built of canvas and lined with sleek Shetland ponies; beautiful ring stock and the finest draft horses. You will see working elephants moving great wagons with as much ease as you would push a go-cart. Mammoth vans so heavy that they require teams of twenty horses to place them.

You will see the erection of the

big menagerie and the vast Circus tent and learn just how the army of keepers bring the wild animals of the Zoo from the show trains and house, bed and feed them. You will see the dynamos and carbide lights that the many tents and pathways of the magic city. These are but a few of the unusual sights you will see when the moving municipality of John Robinson comes to Washington Court House.

The big street parade will traverse the principal streets leaving the show grounds at or about 10:30 a. m. Residents who see wagons being taken to the train shortly after five in the evening must not think the show is being loaded. The wagons will contain the cooking outfit which is not

needed after the evening meal is served.

ENLISTS IN MARINES

Dick Saxton, son of Mrs. T. M. Saxton, of this city, has enlisted for service in the marines.

Mr. Saxton has been in business in Columbus for several months, and expressed his intention of enlisting several days ago. He will go into training camp at Norfolk, Va., shortly.

D.-C. TOURISTS ENJOYING FINE TRIP

B. E. Kelley, City Editor of The Herald, Makes Report on the Whole Crowd.

Aboard the good ship South American, in mid-Lake Michigan, July 4—It would be mighty difficult to find a happier bunch than the Dahl Camp bell outfit party, now enjoying to the limit the third day of the trip, plowing through the placid waters of Lake Michigan on the two finest vessels on the lakes, with everybody well and in the very best of spirits.

The North American, sister ship of the South American, is now about 20 miles astern, and barely visible across the mirror-like waters, but a wireless message flashed across a short time ago assures us that everybody is well and as thoroughly delighted with everything in general as those aboard this boat. Dr. Roy Brown, on the North American, has just wired Dr. D. H. Rowe, on this boat, that his "patients" have gone on a strike and so far have refused to get sick, so that his abundant supply of pills will come back in unbroken packages.

No Routh Waters.

So far the four lakes we have passed through have been smooth and the temperature has hovered from 55 in the Straits of Macinac to about 70 on the sunnyside of the deck during the warmest day, and wraps have been necessary about half of the time.

The Straits of Macinac, which we passed through late yesterday evening, were a little choppy, but not enough to give the boats an uncomfortable swing, and last night the lake was so smooth that there was little vibration to the great steel boats, and all enjoyed a luxurious repose, as in fact they did the previous night on St. Clair and lower Huron.

Attract Attention.

When the boats cast off their hawsers at the White Star dock in Toledo, Monday afternoon, and swung out into the harbor, thousands of persons lined the shore to watch the sister ships take their departure, and it required the entire breadth of the Maumee river for the boats to make the turn. Great crowds lined the drawbridges to watch us pass, for it was the first time that two such vessels had docked in Toledo, and the "natives" knew that Washington Court House was on the map, and that it contains the most enterprising and one of the biggest wholesale firms in the Middle West.

Life Aboard Boat.

Life aboard the vessels is very pleasant, with the constant lake breezes proving refreshing and invigorating, so that when announcement is made that it is time to eat, everybody has an appetite like a woodchopper—and eats accordingly.

The promenade and sun decks are favorite spots with all—until meal time, then the attractive dining rooms are the center of activity. Early and late the luxurious deck chairs are filled with people drinking deep of the glorious breeze, watching the passing vessels, sea gulls, feathery clouds, rippling waters, and taking a genuine rest, forgetting all business, household and social cares, and losing the lines from their faces and ten years from their ages.

On the after deck a party of children may be seen from morn until bed-time, enjoying all kinds of games.

playing in the sand, and furnishing entertainment for lines of envious adults who are onlookers.

Promenading is a most pleasant and healthful recreation, and eight times around the boat is one mile. One can walk as much at sea as on land if so desiring.

There is music galore, night and day, and when it isn't the orchestra, or pianos, it is either someone singing, playing the eukalele, or the victrolas. But the sweetest music of all is the lap of the waves and rush of the waters as the sharp prow of the vessel hurries itself through driven by the great 3,600 horse power engine, which is a wonder in mechanical completeness, and has been inspected by all on board, as, in fact, has every part of the vessels from stem to stern and back again.

The dining service is perfect, and every menu is elaborate, with the eatables prepared "to a queen's taste." Here I am interrupted by the notes of the bugle. It is the call to luncheon.

In the evening there is always some new form of entertainment before dancing begins in the ball room on the rear sun deck, and is continued until a late—or early—hour.

The program in the Grand Salon is always a lively one, and never fails to draw forth roars of laughter and storms of applause.

Last night it was a peach of a show with Thad McLean giving it the peachy flavor as the officiating minister at a mock wedding, and of all the sanctimonious expressions ever seen on the human face, he wore it and wore it about as well as he did his ministerial garb. He brought the house down, and in the awarding of prizes by "Senator" C. W. Lewis, who by the way, has been working harder than one of the stokers down below, McLean drew the booby prize, while the first prize went to Miss Jean Fitzgerald, with Miss Helen Baker drawing the booby prize for the worst actress, although she deserved a better one. Colan Campbell, of Bainbridge, was awarded first prize for the best gentleman actor. Miss Juanita Haines, "Senator" Fite and "Prof." Kibler were the judges.

It has been a difficult matter to keep Thad McLean from singing all day and all night long.

When Pennsylvania Agent G. H. Linton stepped aboard the boat he was mistaken for an English lord, a professor of something-or-other, and a French secret service man, but those who saw him as the host to a party entertained in the dining room at two o'clock this morning knew him for the most genial host and story teller who ever rode the waves or a Pennsylvania train.

W. M. Campbell, host to the big party, has danced miles and miles, walked more miles, and has been everywhere on the boat when wanted. He always has something new to spring for the entertainment of the bunch, and is unanimously voted a royal host.

At many points along the route, when near shore, we could see the busy ship-building plants where gangs of men are working night and day turning out steel and wooden ships, and we expect to see much more of this when we land in Chicago after while.

We have passed scores of the great freighters, laden with ore, grain and coal. There are 1800 of these on the lakes.

Ed Fite, who wanted off at Macinac for a couple of days' fishing until we return from Chicago, is having such a royal time that he refused to be put off, and is going on to Chicago with us.

B. A. Schadel, in charge of the North American, makes a mighty good "captain" according to wireless reports, and while his boat started out 30 minutes ahead of us, we are now four times that far ahead of him. It costs 4 cents per word to send a message to the other boat, by wireless, and 10 cents per word to send a message to Washington C. H., the message being relayed at Macinac City, or Chicago.

Early this morning a dense fog covered the lake, and it was necessary to blow the fog horn every minute. This had been going on only a short time when Lewis, believing it was Mike Lane singing, sent orders to Mike to cease the noise.

It's going to be a hard matter to induce C. A. Stanforth to go back to Washington C. H., for he, like every other person on board, is in love with life on the water.

Kyte has been flying about the boat early and late, and in this instance the Kyte is as useful as an observation balloon on the battlefield.

The sky-scrapers of the great city of Chicago are beginning to loom up in the distance, and field glasses are trained upon the broken skyline. All are looking forward to the big 24-hours in Chicago, and expect to "do" the city thoroughly in that time.

Heber Jones is preparing for a big flashlight picture of the party at the Casino, White City, tonight.

Now then for Chicago, and then the pleasures of another 1,000 miles on the water before landing at Toledo for the run home.

DAYTON MAN IS FEELING FINE; THANKS TANLAC

Stopped Taking Tonic Four Months Ago and Says Help He Gained From Its Use Has Proved Lasting.

"It has been four months since I quit taking Tanlac and I would have recommended it before but I wanted to be sure in my own mind that my old trouble had left me before saying anything about the medicine," said Russell Micheal, R. F. D. No. 4, Dayton, O.

"I used a lot of medicines that helped me for a short time but as quick as I stopped taking them my old trouble came back. That is the reason I waited this long to say a good word about Tanlac. I was bothered a great deal with my stomach and I was pretty much discouraged. I felt half-sick nearly all the time.

"I had little or no appetite and when I would eat gas formed on my stomach and caused my heart to flutter so that I could hardly get my breath. I had a burning feeling in my stomach and heartburn most of the time. My nerves were unstrung and I got little sleep at night.

"All this has been changed since I took Tanlac. I didn't have a bit of trouble with my stomach. No matter what I eat I never have gas on my stomach now. I wouldn't know I had a stomach if I didn't get hun-
